

FOR SOIL
APPLICATION
ONLY

CROP MIX 1100

NET WEIGHT
55 POUNDS

An agricultural nutrient aid for correcting trace deficiencies in crops

GENERAL INFORMATION:

Crop Mix 1100 is a readily available source of traces for plants. It can be added to liquid fertilizers or be used alone or in combination with regular preplant liquid program. Rates of application will vary according to deficiencies in each crop. Do not apply at rates higher than recommended levels.

Crop Mix 1100 is specifically formulated for addition to polyphosphate fertilizers. One-half to one gallon per acre will usually correct most trace element deficiencies.

—CAUTION—

Corrosive liquid - Keep out of reach of children. Causes eye and skin irritation. May be harmful if swallowed. In case of contact, flush with water for at least 15 minutes and get medical help.

WEIGHT PER GALLON: 11.00 Pounds

GUARANTEED ANALYSIS

ZINC (Zn) 5.00%
IRON (Fe) 1.00%
MANGANESE (Mn) 1.00%

Also Contains: Hydroxyethylene diamine-triacetate (HEDTA) and sequestering agents.

SOIL APPLICATION:

Apply 1-8 quarts of Crop Mix 1100 per acre alone or in combination with liquid fertilizer for preplant, start, or side dress applications. Vary rate according to metal deficiency and soil conditions.

ADDITION TO LIQUID FERTILIZER:

Crop Mix 1100 can be added directly to nitrogen or phosphate fertilizers with minimal adjustment. Do not add to aqua ammonia or solutions containing excessive amounts of free ammonia.

CONDITIONS OF SALE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability of fitness for a particular purpose expressed or implied, extends to the use of this product contrary to label instructions or under abnormal conditions, or under conditions not reasonably foreseeable to the seller and buyer assumes the risk of any such use.
